SUMMARY

Hi, Dan here, a philosopher bartender turned self-taught coding addict. I began obsessively writing code 12 months ago, and haven't asked "what can I get for you?" since. Recently, I've spent the last 3 months deeply immersed in the latest technologies from the Client-side to the Server-side studying fulltime while enrolled in General Assembly's Web Development Immersive. When I'm not coding, you'll find me outdoors, climbing, fly fishing, or catching a Mariners game with my girlfriend and our deaf French Bulldog puppy,
